DETAILED ACTION

Information Disclosure Statement

1. The Information Disclosure Statement filed on March 26, 2002 is acknowledged.

Oath/Declaration

2. The declaration filed on March 26, 2002 is acceptable.

Drawings

3. The drawings are objected to because Figs. 3(a-d) should be labeled separately such as Fig. 3(a), Fig. 3(b), Fig. 3(c), Fig. 3(d), for example. A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

4. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

Claim Objections

Claims 2,6,11-14 are objected to because of the following informalities: The preamble in the dependent claims 11-14 should be the same as the preamble in the independent claim. The phrase "as well as" in claims 2,6,12 should be expressed in a better word such as --and--, for example. Appropriate correction is required.

Claim Rejections - 35 USC § 112

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

6. Claims 2-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The phrases "the electronic components" (claim 2, line 3) and "the screened electronic components" (claim 4, line 4) have no antecedent basis.

The remaining claims are dependent upon the above rejected base claim and thus inherit the deficiency thereof.

Allowable Subject Matter

7. Claims 1,5-14 are allowed.

8. Claims 2-4 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
